KNIGHTSBRIDGE

SERVICING THE SEMICONDUCTOR INDUSTRY:

Knightsbridge Plastics, Inc. A precision plastic injection molding company in Fremont California, has been a manufacturer and supplier of both standard and custom waffle paks, trays, and tab carriers for over twenty years to some of America's leading companies in the semiconductor industry. Providing these products in an array of sizes, ESD & standard materials, to exacting specifications and configurations while maintaining the highest levels of quality, customer service, and on-time deliveries has long been the hallmark of our reputation.
