

# BINARY GENERATOR "ECOBINA "

 **Geothermal & Wasted heat energy**

**100kW Class Power output**

**High efficiency**

**Magnetic bearing**

**RE + Energy saving**

**Low-GWP refrigerant**

**Low carbon footprint**

**"We are looking for potential business partners  
to expand our operation."**

**TOMOE Engineering Co.,Ltd.**

<https://www.tomo-e.co.jp/english/>

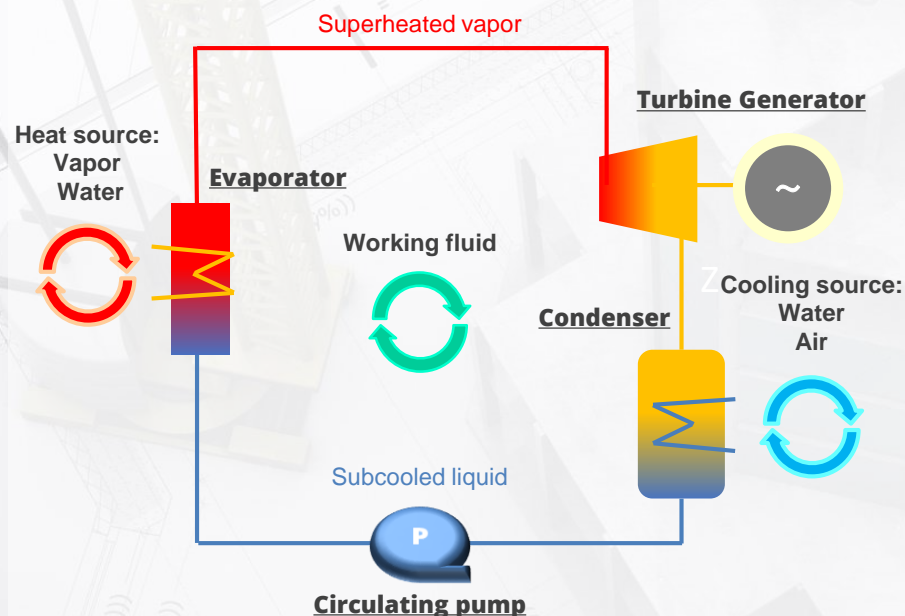

Products Information

# Simulation of Power Output

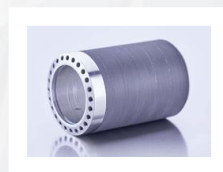

# Organic Rankine Cycle (ORC)

## Unique features

Magnet bearing

PMSG

Low GWP refrigerant
